Calendar Year 2006

State Employees and Retirees Suggestion Award Program (SESAB)

Annual Report

JUL 30 2007

ILLINOIS STATE LIBRARY

During the Calendar Year 2006, numerous suggestions were received and reviewed. Several suggestions were sent to the Agency that would be responsible for the implementation of the suggestion. The agencies responses stated the feasibility and, if any, cost savings, if the suggestion was to be implemented. Based on the information received, one employee was sent a Certificate of Merit for his suggestion.

1. The suggestion was to install weather stripping to a specific entrance door at a specific building.

The SESAB Committee, upon suggestion from staff, voted to remove the Social Security number from the SESAB suggestion form.
